LETTER OF RECOMMENDATION

We are very pleased with our collaboration with DENKIRS. From the very beginning, we have appreciated the professionalism, reliability, and excellent communication of their team.

DENKIRS offers high-quality lighting products with modern designs, innovative solutions, and a very good balance between quality and price.

As a distributor in Romania, we particularly value their flexibility, technical support, and commitment to building strong, long-term partnerships.

We believe DENKIRS has great potential in the Romanian market, especially among architects, interior designers, and lighting professionals.

We are happy to recommend DENKIRS as a reliable and professional business partner.

Sincerely,

Doru-Ionel Paduraru
